SEATTLE TEACHERS  
TO GET MORE PAY.

BOARD VOTES IMMEDIATE RAISE  
FOR LARGE NUMBER IN-  
STRUCTORS.

Investigation Ordered With View to  
Making Increases on Scientific  
Basis Hereafter.

SEATTLE, Wash., Jan. 24.—The Seattle school board adopted a resolution today which provides that teachers now receiving less than \$1850 a year shall be granted the increase they would be entitled to next September, provided the salaries of these teachers shall not exceed \$1080 a year. This means that the salaries of 191 grade teachers will be increased \$250 a month, beginning January 1. It was also decided to increase the salaries of substitute teachers from \$2.50 to \$4 a day.

The increase to teachers aggregate approximately \$5000 a year and the additional allowances voted to substitute teachers approximately \$1000 a year. The board voted to go into the question of salary increases on a scientific basis and Superintendent Frank H. Cooper was requested to investigate the amount paid in other cities in order that a scientific adjustment may be made later.

## 172 Promotions Made.

TACOMA, Wash., Jan. 24.—One hundred and seventy-two officers at

Camp Lewis received promotion to day according to a telegram received from the war department in Washington.

Most of the men were formerly second lieutenants who, because of application and ability to grasp military affairs quickly, were given promotion to that of first lieutenants.

## Wife Wanted No Slackers.

TACOMA, Wash., Jan. 24.—Camp Lewis, with staff after he had concluded willing out his questionnaire and had been placed in Class 1, and then immediately refusing to contribute to her support or that of his three children, resulted in putting H. I. Hanson, of Tacoma, in Class 1 and making him eligible for service in the next draft, according to the records of a Tacoma exemption board.

Mrs. Hanson went to the exemption board and made an affidavit that Hanson was not supporting his family, related the circumstances and demanded that he be put up in the front rank with those going into the trenches.

The board immediately shifted Hanson from the rear to the front position in the draft, making the betting 100 to 1 that he will go into camp on or about March 1, 1918.

## Every Fit Man in Service.

RIDGELAND, Or., Jan. 24.—Up to this time Ridgeland has sent 24 volunteers to war. There remains not a single man of draft age to be enlisted here. It is believed that few, if any, sections of the country have made such a showing as this. Ridgeland has furnished a number of men for the shipyards also, and those who remain are tilling the soil to help feed the world.

JOE DESPAIN SAYS  
YANKEES WILL PUT  
A KINK IN KAISER

PENDLETON BOY WHO HAS BEEN  
IN FRANCE FOR YEAR  
WRITES LETTER.

Declares He Is Well and Happy and  
Has Received Many Letters and  
Gifts from Home Folks.

The Canadians have given the Kaiser many a headache and the Yankee boys will make him ache all over when they get in action, says Private Joe Despain, Pendleton boy who has been at the front with the Canadians over a year. The following very interesting letter has just been received by his brother, Grover Despain:

"Somewhere in France,"  
December 10, 1917.

Dear Brother:  
Well, here I am again, alive, happy and feeling better than ever. Hope you are all well and happy.

Gee, but I have been writing more letters than I can answer lately, but I am going to answer every letter or bust. We are "posting" in a little French village and having a fine time. The French people here think we are the best every body and sure great as fine. I am sitting in a little French cotillion, smoking good old Prince Albert tobacco and longing for the day to come when I shall land back in the old town again, but they are only pipe dreams for we have a big job to do over here and I must be well done so we smile and "carry on" training and getting ready for a few more weeks at Fritz. The Canadians have caused the Kaiser a good many headaches and when the Yankee boys get over here full force will make him ache all over and wish he had stayed in his own back yard and not started all this trouble. Please send me any of the home boys addresses who are in France or England and I may be able to look some of them up some time.

This battalion sure has a fine record for service in France. It has been in a lot of hard fighting and the

boys have never failed to take and hold every objective we have been sent after so far and we have all the confidence in the world that we can keep our record up till the end. We all wish the boys from the U. S. A. the best of luck for it is no picnic out here and it is only because we know that we are fighting for the right, for our country and the loved ones at home that keeps the smile on our faces and the will to win in our minds. Tell Eddie many thanks for the flag. It was sure fine. I have a small one that I have carried with me ever since we were on the Mexican border and it is the most precious thing I have. I can never thank the people of Pendleton enough for sending me so many nice things, especially the tobacco, for it helps to make things look brighter and to keep that everlasting smile on our faces.

Well, dear brother, as it is getting late I will have to close for this time. Please give my love to the folks and best wishes to everybody.

From your brother,  
JOE.

Private J. R. Despain.

UKIAH BOY ENJOYS  
LIFE IN U. S. NAVY

The following letter from Marlon Martin, Ukiah boy who has enlisted in the navy shows that the boys are being well treated and enjoy the life.

San Francisco, Cal.  
Dec. 19, 1917.

Dear Ones at Home:  
Well here we are on Goat Island, and it is sure foggy here, a little cool of mornings, but we are getting three good meals a day and a good bed, so I should worry. The Ukiah boys are all together so far and guaranteed here for twenty one days.

There are over four thousand men here. We have some lunch here, and to look out over them, it looks like this bunch alone ought to kick Germany.

We all get our uniforms and say, I lost all my curls for they clip our hair close to our heads. But I never felt better in my life. Please send my shaving outfit but don't send any cigarettes or any clothing of any kind unless they are pure white, as white and blue is all we wear here.

Well I had to quit this letter and go take a shot in the arm, and then had to leave again for dinner. We
